KAISERCAST HEART PANS

Kaiser Bakeware presents a collection of KaiserCast Heart Pans, both bundt and flan shapes. The heart-shaped pans are made of cast aluminum. KaiserCast Heart baking pans are designed to evenly bake and release cakes. The nonstick coating combined with the relaxed lines in the heart designs allow desserts to unmold and cleanup easily, no tiny crevices that hold cake corners hostage. The KaiserCast Heart pans can be also be used for molding ice cream, mousse or Jell-O salads. The flan pans are designed for fresh fruit fillings. The KaiserCast Heart Bundtform pan is available in an 11inch, 12-cup size and a 7inch, 2.5cup size. The KaiserCast Heart Flan pan is available in an 11inch, 8cup size and a 7inch, 2cup size. The highly conductive cast aluminum material is ideal for baking.

Suggested Retail Price: \$14-\$25
