

Looking for a rectangular shower enclosure? Choose one of many options in the QUAD Collection from DreamLine™. QUAD Collection Shower enclosures offer a choice of finish and size; frameless or semi-frameless design; pivot or hinged door; 5/16" or 3/8" tempered glass thickness. Looking for a fully frameless enclosure – consider the QuadLUX with its wall mounted stationary glass brackets and bars. Interested in hinged enclosure with minimum framing – consider our standard Quad with solid brass hinges and top support bar. Prefer the elegant pivot door mechanism and more framed structure – Panorama shower enclosure is the answer.

SUPPORT BAR & BRACKET

QUADLUX

- Self-closing solid brass hinges
- 3/8" (10mm) thick tempered clear glass
- Frameless glass design
- Wall mounted brackets and support bars for stationary glass
- Reversible for "Right" or "Left" door opening
- Designed to install against finished walls (has no adjustment for out-of-plumb walls)
- Enclosure hardware available in chrome and brushed nickel finish
- Optional fiberglass reinforced acrylic base
