

The full range of DreamLine™ Allure shower doors offers solutions for openings from 30"-67". All Allure doors are made of thick 3/8" tempered clear glass. The uniquely designed aluminum wall profiles and adjustable pivot hardware allows each door to be adjusted by up to 7", accommodating a variety of openings. Doors from 30"-43" have a small side stationary glass and a main pivot door. Doors from 43"-55" have a small side stationary glass, main pivot door and a 12" stationary side panel with two integrated glass shelves. Larger doors from 54"-67" also have a small side stationary glass, main pivot door and a 24" stationary side panel with two integrated glass shelves. All Allure doors are reversible for right or left door opening. Optional Acrylic/ABS shower back wall kits and single threshold Acrylic shower bases are also available in a variety of sizes to complete your project.
