

Renaissance™ Pompeii Deco 4”x4” in Antique Bronze
 Renaissance™ Verona Liner 1”x12” in Antique Bronze
 Shown with Trav Ancient Tumbled Beige 4” x 4”

DISCRIPTION

The Renaissance™ Collection artfully combines classical designs with metal to create a bold statement. Each piece in the collection is made of a mixed metal resin base with a metal coated surface and comes in three distinctive finishes: Antique Nickel, Antique Bronze, and Rust Iron.

The line offers a variety of styles and sizes including 4”x4” Field Tile, 4”x4” Decos, 2”x2” Dots, and 12” Liners. Each piece can be utilized as a decorative accent with stone or porcelain tile or it can cover an entire wall to create a dramatic statement.

Each piece can withstand up to 1,000 degrees of heat which makes it perfect for kitchen backsplashes.

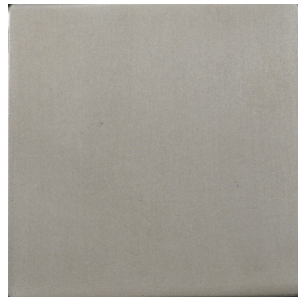

APPLICATIONS

Appropriate for interior and exterior walls only. Not recommended for floors. Always follow proper installation methods. Use non-sanded grout only on installation as sanded grout will scratch and dull the finish. Not recommended for pools, fountains, etc. May be used in showers as long as it is not exposed to any harsh chemicals.

CARE & MAINTENANCE

Clean with mild soap solution or antibacterial soap solution. Do not use abrasive soaps or cleaners. All metal coated products have the same properties as metal and may oxidize and tarnish.
