

Important: Always disconnect the power before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

LAMP INSTALLATION AND ASSEMBLY

1. Shut off power to the outlet box. (fig. A)
2. Attach the universal mounting plate to the outlet box using outlet box screws.
 - 36 1/2" Version: For added support, use drywall anchors (included), or screw directly into a stud, to secure both ends of mounting plate.
3. Make appropriate electrical connections using wire nuts.
- If there is no green ground wire from the outlet box, then connect the fixture wire to the mounting plate with the green screw provided. Place connections in outlet box.
4. Attach back plate to mounting plate with canopy nuts.
5. Install A-19 bulbs. (not included)
6. Screw deco details to both ends of the fixture.
7. Attach fixture to back plate using mounting screws.
8. Restore power to the fixture.
