

**This light should be installed
by a licensed electrician.**

LAMP INSTALLATION AND ASSEMBLY

1. Shut off power to outlet box.
2. Attach universal mounting plate to outlet box using outlet box screws. (Fig. A)
3. Remove one diffuser support arm to insert outer diffuser. Re-attach support arm to secure diffuser. (Fig. B)
4. Install inner diffuser by securing with shade ring. (Fig. C)
5. Make appropriate electrical connections using wire nuts. Connect the black fixture wire to black supply wire. Connect white fixture wire to white supply wire. If there is no green ground wire from the outlet box, connect the fixture ground wire to the mounting plate with the green screw provided. Place connections in outlet box.
6. Attach canopy to universal plate with the canopy nuts.
7. Install bulb.
8. Restore power to fixture.
