

## **Caring for your Life Chair**

Your Life chair will provide you with the ultimate in seating comfort and support for years. You can keep it looking its best by following our recommended cleaning instructions.

### **Fabric Care and Maintenance**

#### **Back Suspension Fabric**

For normal cleaning, vacuum fabric regularly using an upholstery attachment or brush with a firm upholstery brush.

If further cleaning is required, dry-clean or spot clean fabric using a foaming upholstery cleaner, following the manufacturer's instructions for use.

Do not apply water or any liquid cleaner to the fabric as this may result in permanent marking.

If permanently damaged, the back suspension fabric can be replaced by ordering a complete new back frame for the chair.

#### **Upholstered Topper Pads**

For normal cleaning, vacuum fabric regularly using an upholstery attachment or brush with a firm upholstery brush.

If further cleaning is required, dry-clean or spot clean fabric using a foaming upholstery cleaner, following the manufacturer's instructions for use.

Do not apply water or any liquid cleaner to the fabric as this may result in permanent marking.

#### **Leather Topper Pads**

For normal cleaning, vacuum or dust periodically with a clean, dry cloth. Use a leather protection cream 3-4 times a year, following manufacturer's instructions for use.

If further cleaning is required, use an approved leather care product such as Leather Master Soft Cleaner, following manufacturer's instructions for use.

### **Finishes Care and Maintenance**

#### **Polished & Textured Aluminium Components**

Clean regularly using a damp cloth and a mild, cleaning product. Dry with a soft cloth.

NB. Do not use any abrasive cleaning agents or cloths.

#### **Plastic Components**

Clean using a damp cloth and a mild, cleaning product. Dry with a soft cloth.

NB. Do not use any abrasive cleaning agents or cloths.
