

# How to Size a Ring

Use this easy tool to purchase a ring that fits just right.

- 1 Print this page. To ensure accuracy make sure you are printing at 100%.

*Be sure to print at 100%*

- 2 If the ring is for you find a ring that you currently wear. If it's a gift for a loved one make sure you find a ring they currently wear to ensure proper sizing.

Note: It's important to size a ring that will be going on the same finger as the ring you are shopping for. Many people have different ring sizes for different hands and fingers.

- 3 Take the ring and place it over the circles to the right until you find a match. The perfect match will show the gray part of the circle fitting completely inside of the ring you've chosen.

- 4 Note the size listed in the circle.

- 5 Double check before you purchase.

- 6 Replace the ring you've borrowed discretely so you don't ruin the surprise!
