### ASSEMBLY AND INSTALLATION INSTRUCTIONS

- 1) No assembly required
- 2) All of our hammered steel racks are finished with an industrial wax designed to give years of protection to the rack. Cleaning is easily done with a damp cloth. Dry thoroughly after cleaning. If a touch-up is ever needed we recommend a "Pledge" like wax product.

It is important that your rack is assembled correctly. If the unit is assembled or used incorrectly, it could become unstable and collapse, possibly causing injury. Natural broom straw is flammable. Keep the broom well away from open flame. It should not be used to sweep hot coals or ash.
